Project 94-267-0

(S/NF/SG/LIMDIS) Following are the perceived highlights from each source.

- (S/NF/SG/LIMDIS) Source A:

-- The target [REDACTED] is a plane which is located near coastal waters. Two men in particular are associated with this aircraft: A jolly black man who is thick-heavy set and a young caucasian man with short dark-brown hair. People are currently waiting and watching the situation to hear word. There will be radio communications that will change the existing agenda which is to stop the forces at work. This plane's journey is for an important man, possibly to intercept him, but for now all are watching and waiting for the word. There has been no message as of yet to move forth. The stakes are high, to include focus on an expensive cargo and this operation is given to military involvement. Communications and relaying of messages are imperative to this mission.
